

Meeting Minutes

Weekly Meeting with team/Supervisor

Meeting No: 13

Meeting Details

Date:	06/09/2021
Venue:	Microsoft Teams
Attendees:	Alexander Aloï Shannon Dann Carl Karama Aili Gong Jared Song
Apologies:	

Information / Decisions

No.	Item
1	User details need to be added to JWT Token for admin verification and identification
2	CircleCI needs to be integrated by Alex as he owns the github repository
3	Join tables do not need to be created in the cloud db as it can identify foreign keys
4	Database should be populated with at least 5 users and 10 books
5	Priority is to complete searching functions before other user functions
